Foreword

We, the class of 1949, have taken great pride in publishing the 1949 Wellesleyan. The Yearbook staff has chosen the theme of television to give a graphic picture of school activities—both scholastic and extra-curricular—with special emphasis on the graduating class. We were inspired by the medium of television to try to bring to you the scenes of school life as vividly as on a T-V screen. We hope that our Yearbook will be received as enthusiastically as television itself and that your enthusiasm will expand as will the field of television in years to come.

In Appreciation

We dedicate the 1949 Wellesleyan to our new principal, Mr. Graves. A true "Forty-niner," he has made us aware of the value of a firm but cheerful way of life. We shall remember him for the admirable way in which he stepped into his new position and immediately seemed to become one of us.

We appreciate his friendly smile in the corridor and his cheerful greeting for everyone; his school spirit and his desire to build up that spirit; and his interest in us both as a class, and as individuals, and in our various extra-curricular activities.

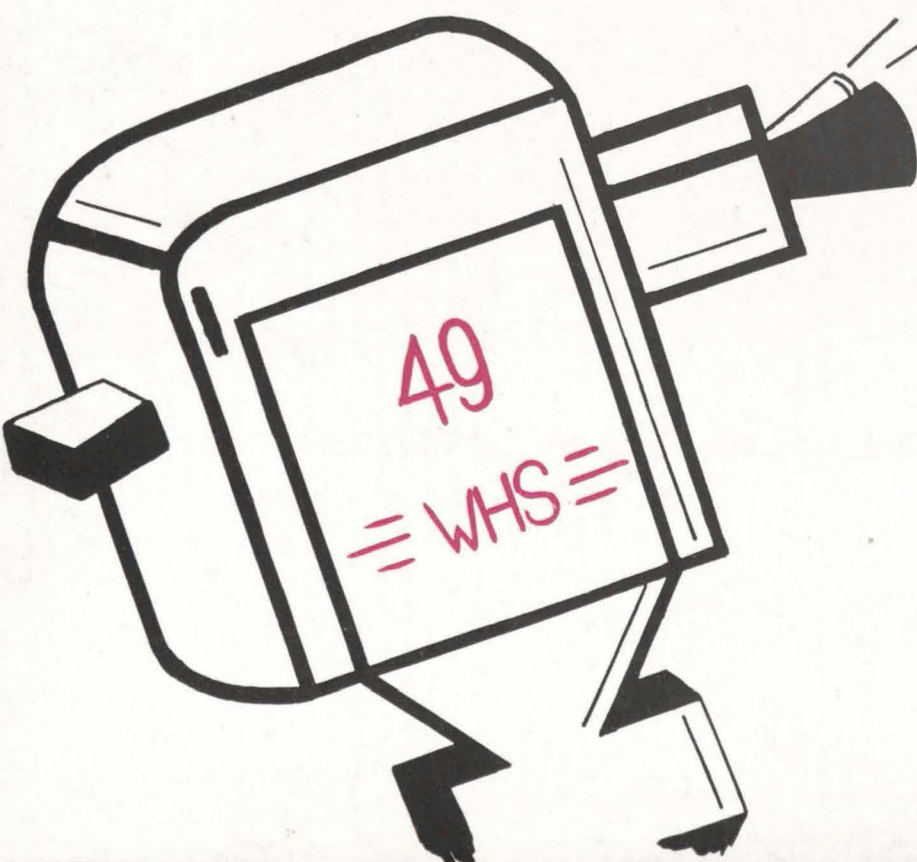

We are proud that he came to Wellesley High School in our senior year, and although we are leaving, we shall always think of him as a "Forty-niner."

FACULTY

To the Members of the Class of 1949

"This above all: to thine own self be true,
And it must follow, as the night the day,
Thou canst not then be false to any man."

Hamlet

In this year of your graduation, I cannot foretell what the years ahead may hold for any one of you.

But—I do know that within the soul of each one of you there is a God given power that can meet with serenity and poise whatever life holds for you.

Life will surely hold joys and sorrows, successes and failures, sunshine and clouds. It is right that it should be so.

My wish for each of you is that you will meet whatever comes by being true to yourself—to the God given power that is within you.

Arthur E. Pierce

THE SUPERINTENDENT

On my television screen of the Class of 1949 I see a lively group of individuals distinguished by inquiring minds and challenging spirits.

I cite you for loyalty to classmates, your awareness of your influence on others, and your eagerness to utilize your Student Council, your Parent-Teacher-Student Association, and your many other activities to strengthen communities.

As a life well spent outlives itself so will your impression on school standards and customs outlive your school life here.

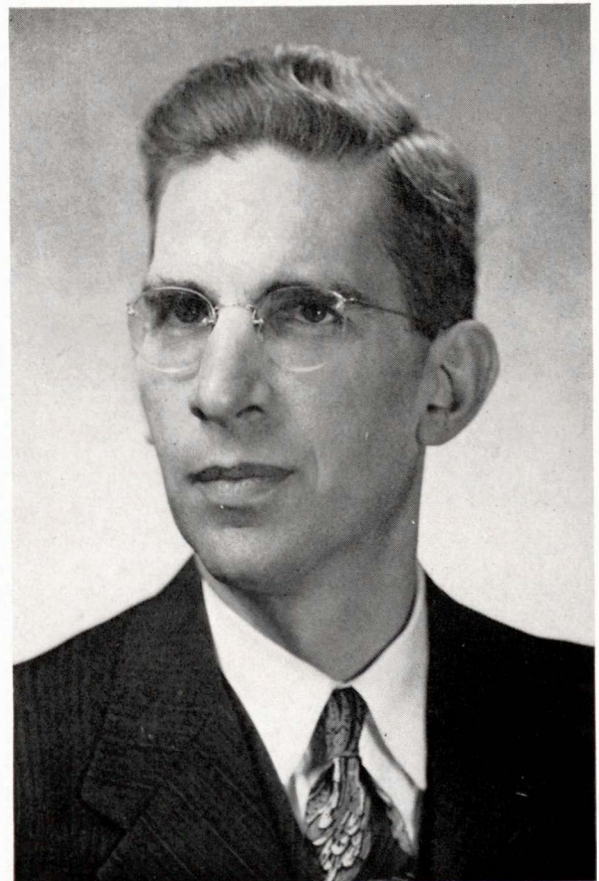

KATHERINE BRONSON

*Assistant Principal
and
Dean of Girls*

It is with pleasure that I wish each one of you, the members of the class of 1949, success in future enterprises. I hope you will consider your high school work as an educational foundation on which you can build. Whether in industry or advanced schooling, seize every opportunity to add to your mental structure. Build, and build well, because it is the dwelling place of your consciousness that you are evolving, and the form of your mind's abode is the determinant of your happiness.

STUDENT COUNCIL

Our school activities are sponsored by the Student Council, which is based on student participation in school policies. This organization acts upon suggestions of the student body and provides many enjoyable programs on the television screen of our school life. The Sophomore Icebreaker got the year into full swing, followed by the Football Dance and rallies which led to victory over Needham. The Council attended three conventions of the State Association of Massachusetts, sponsored the season ticket drive, Highschool Highlights in the Townsman, various drives, athletic and other awards, and this spring gave us the combination gym exhibition and band concert. Furthermore, the Student Council belongs to the Community Council and has members serving on the Executive Board of the P. T. S. A.

With the able assistance of Miss Bronson, the Council followed a successful course with Smokey Stover as president; Kit Boughner, vice-president; Barbara Williams, recording secretary; and Bruce Mansfield, corresponding secretary.

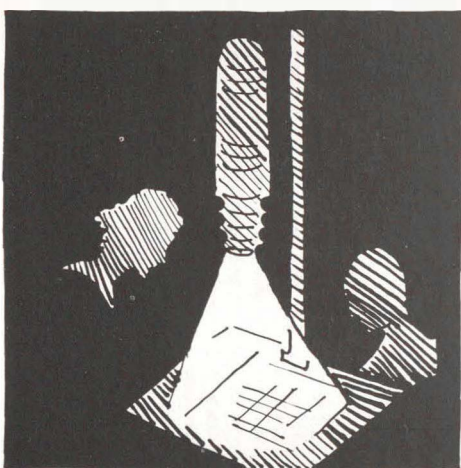

With television as its theme and Barbara Dickson as its hard-working editor-in-chief, the Wellesleyan is the product of the efforts of the class of 1949 to reproduce the memorable years of our high school life. The best part of a year has been spent in gathering "News and Views" which you can now recall through this television set, the 1949 Wellesleyan. Those unforgettable memories are now given in a repeat performance through activities, sports, art and senior sections. Now the Senior class is proud to present what we hope is a successful reproduction of our last and best year at Wellesley High School.

Set your beam on the High School, Monday night at 7:30 for the weekly meeting of the current attraction—the photography club. This newly-formed program exhibits photographs taken at school social functions. At the same time it covers activities for the famous newspaper—the Bradford. Although this group is a new function, it already has a good following and its popularity is still mounting. Only an interest is necessary for a student to be a member of the group and not a great knowledge of photography. The program starts with basic fundamentals and works up to special techniques such as retouching and color work. Keep your eye on this group as it shows promise of future enlargement of its scope.

Six times during the year the Bradford appeared on our television survey of Wellesley High School, giving its audience previews of all the big events of the year and reports of our school activities. The successful Bradford subscription drive allowed us to recall every thrilling occasion which we witnessed, from class elections in September to Graduation in June. With Carol Ingraham as its capable editor, and with a willing staff, our newspaper gave us the ever popular "Babble," top personalities of each class, and news from the sports world. The interesting "Backtalk" column extended the opportunity for the student body to offer its suggestions and to express new ideas for the improvement of school life. So, tune in a "test pattern" on the Bradford. Consult it for all the details of the memorable days of '48-'49.

ASSEMBLY COMMITTEE

If you should happen to turn your dial to Channel 49, Friday mornings, you would see the results of the Assembly Committee. Patty Hope was Student Chairman with Miss Walton as Faculty Adviser. These shows have included everything from a jazz band to interesting discussions about the United Nations. The Committee also had a delightful play entitled "Are We Dressing?" The cast was made up of a group of Seniors. The play was so popular with the students that it was decided to reenact it for the Junior High School and Concord High School as part of a new program of exchange assemblies. Another assembly, enjoyed by all, was a farce based on modern radio programs. Mr. Crockett directed it with his Sophomore English class as the cast. Who could ask for more varied entertainment on any Channel?

Back Row: Francis Chapin, Eleanor Otterson, Carol Jostedt, Joyce Palmer, Barbara Burns, Jean Davis, Janice Morse; *Middle Row:* Jane Tucker, Betsy Child, Kathryn Wegerdt, Miss Bronson, Barbara Dickson, Jean Perry, Charlotte Tibbets; *Front Row:* Ellen Fullerton, Mary Andersen, Jean Murray, Shirley Harrington, Marilyn Melanson, Nancy Webber, Janet Pybas.

BULLETIN BOARD AND SHOW CASE COMMITTEES

Although television has not actually hit Wellesley High yet, through the work of the Bulletin Board and Showcase Committees we view through imaginary television sets our own weekly programs. Interesting presentations from the world of sports are made frequently. In the show case colorful displays of sports equipment, uniforms and honors are shown.

Pictured also are the coming events at school

along with displays on colleges and professions and the news of the world. The work is supervised by the "Masters of Ceremonies", Shirley Harrington and Nancy Woodruff and the actual "photography" done by their technicians and co-workers. The sponsors of the program are Miss Bronson and Miss Costello. Thus, Wellesley High makes its own "television programs" enjoyed by both the students and faculty.

Top Row: Phyllis Burke, Mary Jane Tucker, Carol Jostedt, Betty Lou Almond; *Bottom Row:* Nancy Webber, Nancy Woodruff, Miss Costello, Mary Jane Butler, Barbara Botsford.

Third Row: William Carmichael, Bruce Acker, Francis Sullivan, Paul Branzetti, Robert Barton, Forrest Adams, Ted Berkeley, George Henry, William Walker, Paul Dalton, Robert Lavin; *Second Row:* Joe Impallaria, Robert Blakesiey, Fred Chase, William Moore, Cynthia Cranton, Priscilla Steele, Thelma Robinson, Jean McSweeney, Carol Ingraham, Harold Kolb, John Prophet, John Schuler; *First Row:* Richard Hooper, Richard Vaughan, Carol Tims, Janice Morse, Mr. Leach, Betty Harris, Janet Seeley, Elizabeth Burdoin, Malcolm Brickett, Donald Russell.

THE ORCHESTRA

WHS-TV has presented its orchestra on many occasions during the year, including our entertaining and worthwhile assemblies and at Graduation. Despite Mr. Leach's desire for a better balanced string section, the orchestra has given us very commendable musical programs. A string ensemble rehearsed during the fall and winter months for the spring programs. Under the competent leadership of Mr. Leach, the orchestra has succeeded in winning a high rating of popularity with its audience. The members meet twice a week during X period to prepare for the performance on Channel 49.

WHS-TV has had to roam far afield to follow the doings of our school band. At the Music Festival in South Portland a year ago the band brought credit to our school by receiving superior rating from both the State and New England Associations. In addition to its appearance in civic parades, the band was also present to lend inspiration to the football team, and loyally supported them not only with music but also with rousing cheers. An efficient group of drum majorettes and twirlers added pep and aided the band in all its endeavors. With the help of the American Legion, the band was completely reoutfitted with new red and gray uniforms. The town of Wellesley was fortunate in being host to the annual New England Music Festival which was held in April. A concert, with over 600 students from all over New England participating, took place at Alumnae Hall. At that time Mr. Leach brought further honor to Wellesley by directing the 200-piece band.

We have been fortunate this year to have had before our television screen an exceptionally fine girls' choir consisting of 54 girls, which has presented us with many excellent programs. You will all remember the beautiful, interpretive singing which they presented in conjunction with the tableaux of the Christmas Story Programs. They were also a part of the second annual Community Festival Program. On "Ladies' Night" of the Village Churchmen the choir again sang a delightful program which was very well received. Nineteen girls were chosen to represent the Wellesley High School Girls' Choir at the outstanding New England Music Festival. During Music Week we again heard from the choirs in a marvelous program assisted by a chorus of more than 200 voices. Later in the season we got a view of them at the Memorial Day Program. In their final appearance on the screen we were presented with an artistic performance at Graduation.

A great deal of credit should be given to these girls and also to their competent director and Music Educator, Amy Young Burns.

BOYS' CHOIR

The Boys' Choir of Wellesley High School now appears on our screen. The members' first appearances this year were in the Christmas programs. They participated in the Wellesley Community Christmas Festival and then gave a superb performance in the antiphonal singing of the "Christmas Story." Their excellent performance merited them an opportunity to sing for the Village Churchmen and at the Memorial Day services held in Wellesley. Fourteen of this Choir were chosen to be a part of the choral program in the New England Music Festival. In May during music week the complete choir gave an excellent performance in the annual Senior High Concert. In June, a final appearance of the group came with Commencement Exercises. During the year these students have given us superior programs and we thank them and their able director, Amy Young Burns.

NATIONAL HONOR SOCIETY

Fourth Row — Muriel MacKenzie, Verian Elsenmiller, Walter Gates, George Henry, Michael Moore, Carol Ingraham, Patricia Hope, Janet Heaton;

Third Row — Theodore Berkeley, Alfred Purcell, Nancy Woodruff, Marie Louise Kenelson, Ross Moyer, William Smith, David Nelson;

Second Row — Carol Jostedt, Joan Folsom, Charlotte Tibbetts, Elizabeth Child, Mary Frances Chapin, Barbara Dickson;

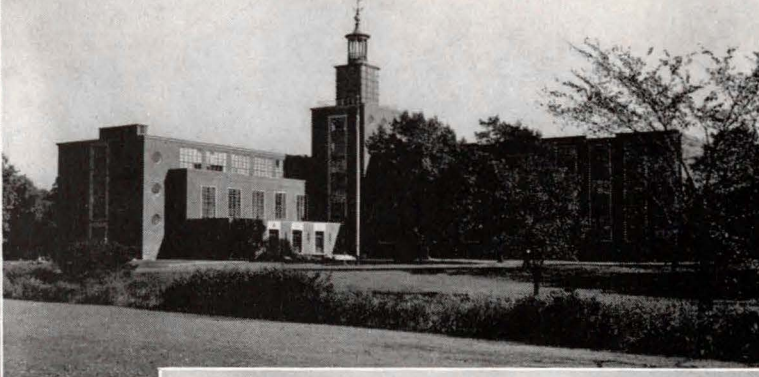

First Row — William Moore, Maurice Longworth, Barbara Bosford, Marilyn Fraser, Louise Giesey, Frank Irish, Perry Norton.

The National Honor Society was founded to promote the principles of service, leadership, character and scholarship among high school students.

The Wellesley Chapter of the society is sponsored by Mr. Moulton. Each year five percent of the Junior Class, and fifteen percent of the Senior Class are elected to the society by the faculty. The elected members must be in the upper third of their class scholastically, and must have demonstrated the other qualities previously mentioned.

An assembly is held in the spring, at which time the newly elected members present short speeches, receive certificates of merit, and take the following pledge:

"I pledge myself to uphold the high purposes of this society to which I have been elected, striving in every way by word and deed to make its ideals the ideals of my school and of my life."

SPORTS

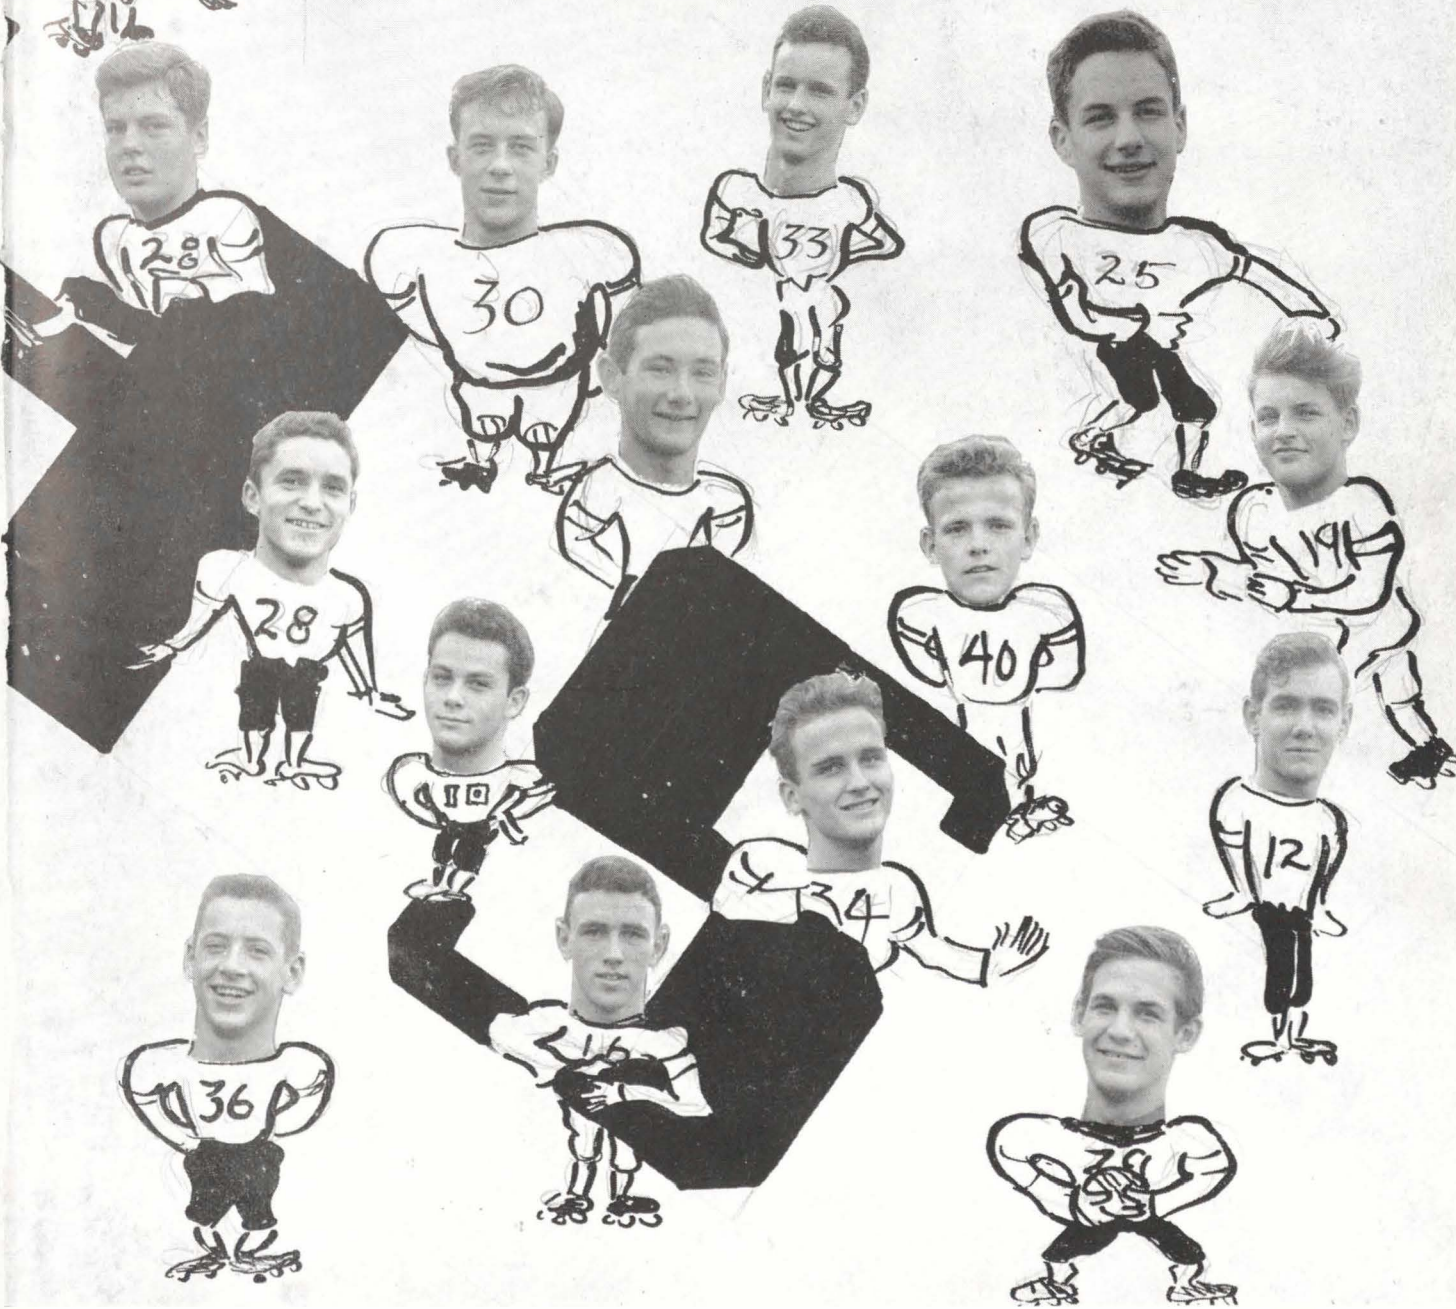

Starting the season with practically a green squad, Coach Steeves welded a strong line and a fast running backfield into a fine team. After losing three out of the first four games, Wellesley finally hit their stride by winning the last four games, to finish 10th in Class C. League. Led by Co-Captains Carman and Corbett the team was unscored upon for 15 straight quarters. Sophomore Harunk led the team in scoring and kicked eight out of nine extra points. The team climaxed the season on Thanksgiving Day with a gallant comeback over stubborn Needham to score a 13-6 victory.

HOCKEY

Under the able direction of Coach Hines, the Wellesley pucksters climbed out of seventh place in last year's standing to make the first division play-off this year with a record of four victories, two defeats and a single tie. Captained by goalie Bob Stockbridge and Fred Corbett, the team showed a very fine brand of hockey. The defense made up of such men as Mike Moore, Bob Buell, and Willie Monaghan made it tough for the opposing wings in their attempt to turn on the red light. Such fast skating and good stick handling by Ronnie Holden, George MacNeil, Freddie Corbett, Ahern, Marchant, Slye and Thorup made it tough on enemy defensemen with their hard and accurate shots. The team received much support from the fans who journeyed into the Arena many times to watch their favorite players perform.

Third Row: John Magnuson, Bruce Mansfield, George Harunk, John Steacie, Richard Steeves, Norman Ross, James Gately; *Second Row:* William Finnegan, Robert Shea, Maurice Longworth, John Stenberg, Edward White, David Thompson, Paul Coleman; *First Row:* Guyton Di Pirro, George Henry, Ross Moyer, Norman McLea, Vincent Martino, Robert Lavin, Gene Paltrineri.

With six returning letterman and some top-notch juniors, Coach Steeves hoped for a better than average season. After splitting the two pre-season games, the team started out on a hard task with a rough schedule, playing the first four games away from home. Splitting these four games the team then caught fire and climbed from fourth place to a title-contending position. The team, captained by Bun Paltrineri and Ross Moyer, showed real fight and determination. When Bob Lavin took sick and was out for the last half of the season, things looked bad until Nino DiPirro, Vin Martino, Norm McLea and John Stenberg started clicking with the captains, showing that never-die attitude in playing heads-up basketball. The support of the fans showed best at the Milton game when the gym was packed for the crucial game.

Second Row: Rubin Hall, Dick Gleason, William Kenney, Tom Sweeney, John Magnuson, Clark Wolfe, Frances Puckett, Clark Dwyer; *First Row:* James Maginnis, Merritt Ross, Dick Grady, Fred Wilde, Vincent Martino, Norman Ross, Guyton Di Pirro, Bruce Mansfield, Robert Shea.

BASEBALL

The baseball team, which had to be rebuilt due to the graduation of seven regulars, got off to a slow start, but saw the season reach a success when victories over rivals—Natick, Attleboro, and Milton—were gained.

With 15 boys back from last year's squad, plus excellent sophomore material, Coach Goodnough had high hopes for Wellesley's best team since the great tournament clubs of 1936-39-43.

We are a member of the Bay State League and also play contests with Attleboro beginning in the usual 19th of April Marathon Day.

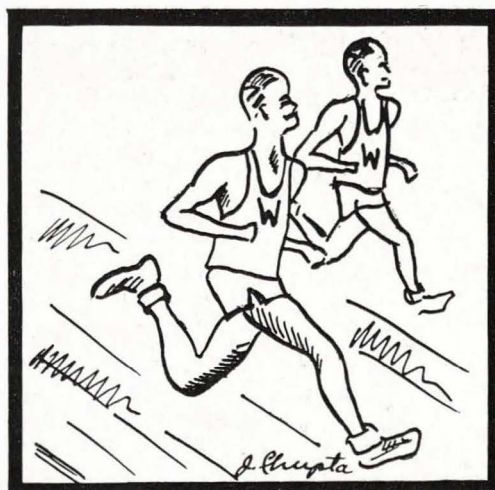

Captains are named for each contest in baseball.

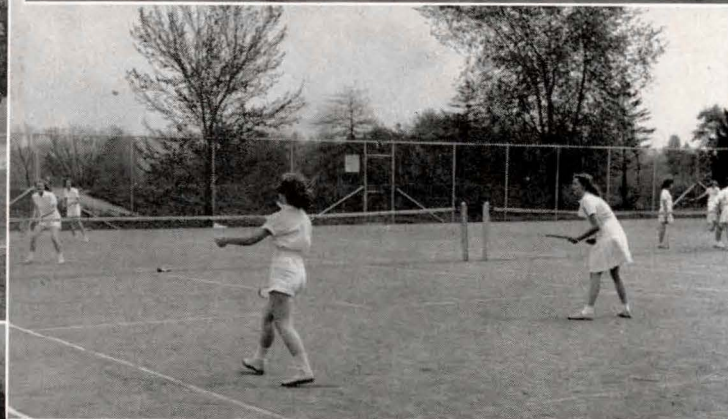

Second Row: Edward Short, John Hall, Tom Duggin, Robert Lavin, James Salvi, Robert Coughlin, William Howe; *First Row:* Walter Gates, Barry McSweeney, Alfred Purcell, Fred Rogers, Arthur Macy, Maurice Reagan, William Short, Perry Norton, Mr. Chapman.

TRACK

The 1948 Team had a very successful season. The squad lost only once in dual competition and finished second in the State Meet. In this meet Captain Arthur Macy, in the 440, and the half mile relay team of Arthur Macy, Fred Rogers, Alfred Purcell, and Bill Short, won state championship and established record times for our class. During the year Short also established a new school record in the 100 yard dash and Macy lowered the quarter mile record to 51.6, the fastest time run in school-boy competition in Massachusetts in 1948. Fourteen letter winners graduated, but there is every prospect that a strong squad can be assembled for the 1949 season. Returning veterans of promise are Captain Purcell, and Short, Norton, Gleason, Stover, McKown, Gates, Lavin, Morse, Irish and Duggin. Added to these are Harunk, Garrod, Oxford, Hall, Vaughn, and Hooper, who should add strength to the squad. Several other runners developed during the Cross Country season showed considerable promise.

Back Row: Mr. Chapman, Nicholas Holt, Miles Garrod, Charles Sullivan, Robert McCartney, Frank Irish, Douglas Sutherland; *Front Row:* Ed White, Richard Vaughan, Robert Hall, Perry Norton, Peter Oxford, Richard Norcross, William Finnegan, Richard Hooper.

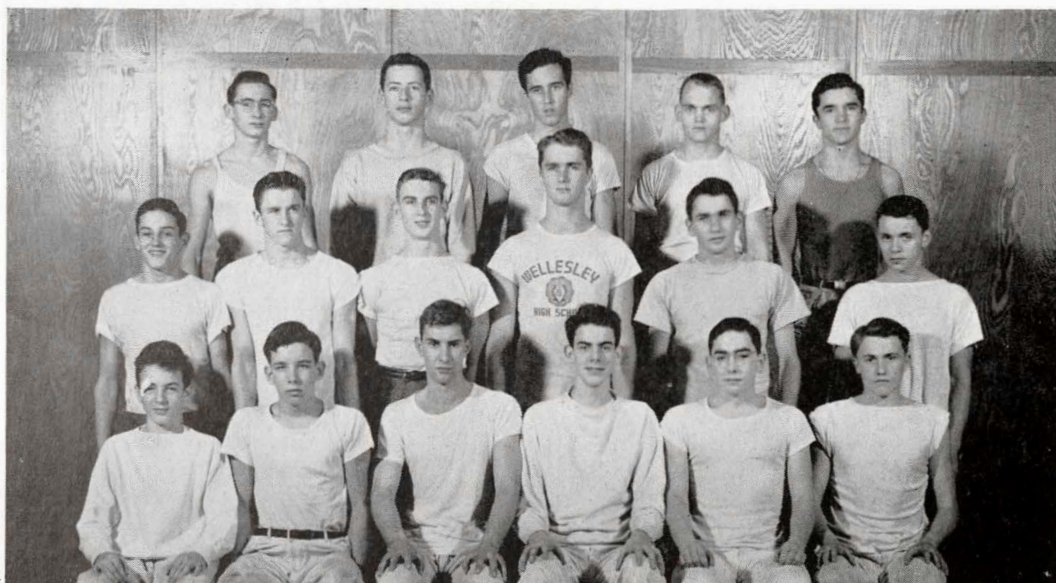

CROSS COUNTRY

During the 1948 season the Cross Country squad developed in a very satisfactory manner. It had an even record in dual competition and in the divisional unit, finishing second, showing improving balance and beating all but one of the teams to which it had previously lost.

In Perry Norton the team had an outstanding runner and a leading candidate for state honors in 1949. In league competition Perry was beaten only by the Fowle brothers of Woburn, state and New England champions. Peter Oxford ran steadily and with constantly improving time to finish in the second spot, and Hall, Norcross, Vaughn, Hooper, Irish, and White alternated in the other three scoring positions. With Norton again available, and with most of the squad returning to aid him, the team should allow an even more marked improvement in 1949.

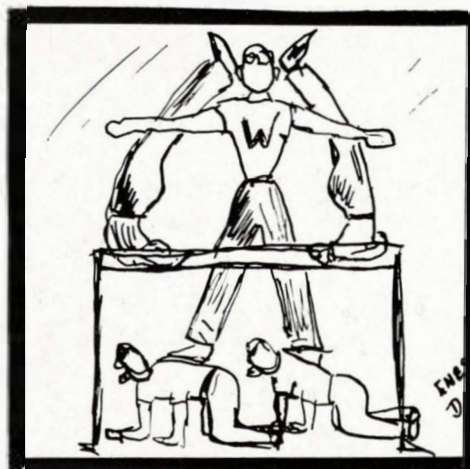

Probably the outstanding achievement of the 1948 season was Norton's feat of setting a new record on the Wellesley course and then breaking it twice in the two succeeding meets.

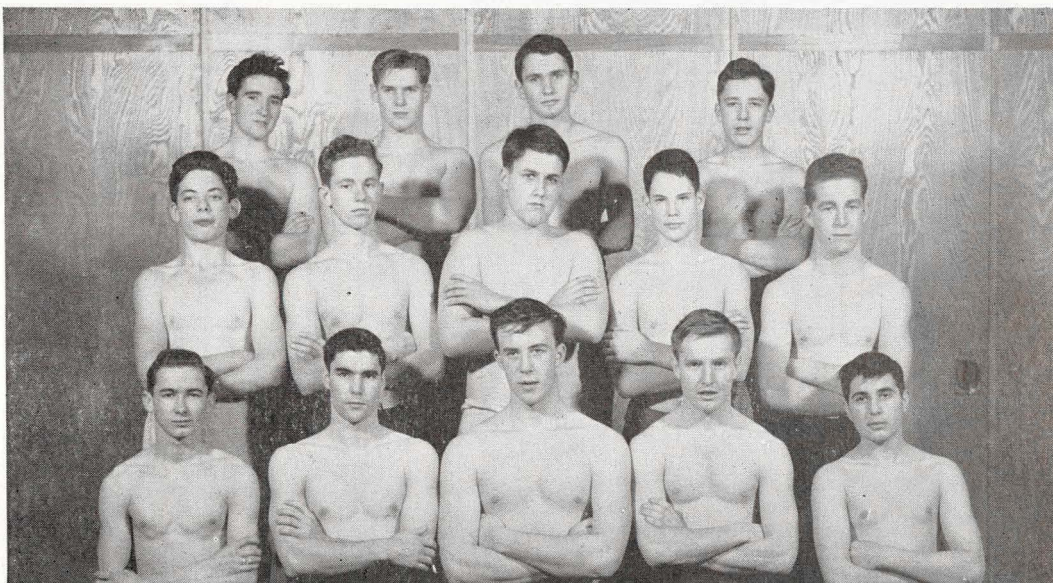

Third Row: Malcolm McLean, Hadlen Greenhalgh, George MacNeil, Ronald Holden, Robert Cristofori;
Second Row: Robert Hall, George Harunk, William Finnegan, Richard McKown, Dick Peterson, Ted Steeves; *First Row:* Hugh Underhill, Mark Powley, Kit Boughner, Robert McCartney, Robert Blakesley, Richard Jensen.

GYM TEAM

The Gym Team, under the guidance of Coach Steeves, put on two shows this year. The first was presented to the National Physical Education Convention which took place in Boston on April 19. In thirty demonstrations they showed techniques involved in the use of the parallel bars, spring board and the horse. The other show was the annual gym exhibition in the high school gym on April 29. The standouts in their particular fields were MacNeil, Cristofori, Reed, Greenhalgh and Boughner.

Back Row: Luke MacNeil, William Carmichael, Richard Peterson, Manuel Xeras; *Middle Row:* William Walter, Sidney Balsbaugh, Donald Noville, Donald White, Raymond Reynolds; *Front Row:* Malcolm McLean, Alfred Purcell, Phil Morse, William Rogers, Joseph Brossi.

WRESTLING

Although the wrestling team got off to a bad start, it began to look better as the season progressed. We had a practice meet with Brown and Nichols in which we lost in points but gained in experience. Against St. Marks we looked better but lost 35-5. Five points of their score were made because Wellesley lacked enough men to fill out the squad. Gigi Harunk won his bout by a fall to score for Wellesley.

Returning lettermen are "Mal" McLean, Dick Peterson, Bill Carmichael, Al Purcell and Gigi Harunk. With the addition of many new men to the team, Mr. Stergios hoped to give wrestling a successful debut to the sports field of Wellesley High. The sport before has always been carried out away from home but now, with a new mat, the Wellesley fans can enjoy this thrilling sport too.

Back Row: Jane Mullen, Joan Richardson, Betsy Child, Patty Hope, Jane Tucker, Ellen Fullerton, Joan Monaghan, Frances Chapin, Sally Kilmain; *Front Row:* Dorrie Ernst, Janet Heaton, Mary Kenerson, Nancy Woodruff, Joan Folsom, Mary Anderson, Barbara Dickson, Jean Davis.

As we focus the image on our television screen we recognize the football field of Wellesley High. This time it's not football we view, but the girls' field hockey teams in action.

Although neither team had an extremely successful season all the players agreed that it was fun and exciting to match stickwork with capable competition.

The Varsity team, with Joan Folsom and Nancy Woodruff as co-captains, chalked a record of one tie and six losses on our WHS-TV scoreboard.

The Junior Varsity team members, captained by Nancy Webber, were Mary Ann Alberti, Barbara Bolles, Sue Gannon, Louise Giesey, Betty Gulesian, Shirley Harrington, Jane Meehan, Mary Jane Monaghan, Gina Renzella, Helen Santospago, Helen Sommers, Carol Tims, Jeanne Woods. Another score of one tie and six losses was recorded for the season.

A special word of thanks goes to Mrs. Florence McGilvray, the coach, and to Virginia Smart and Jane Mullen, the able managers.

Middle Row: Janet Heaton, Betty Yelle, Mary Kenerson, Dorrie Ernst, Joan Folsom; *Front Row:*
 Joanne Colburn, Phyllis Burke, Charlotte Tibbets.

GIRLS' BASKETBALL

Girls' basketball plays a part in our high school life, so let's focus our T.V. set on the gym. There we see, two or three afternoons a week, the girls practicing strenuously under the able coaching of Miss Copley. In the first few games there were the three class teams, captained by Phyl Burke, Patsy O'Neil and Chris Farnsworth. From these teams Miss Copley chose her Varsity and Junior Varsity teams. The squads are large in order to give every girl a chance to participate. Varsity forwards are Phyl Burke, Dorrie Ernst, Mary Lou Kenerson, Barbara McCartney, Pat Perry, Virginia Robinson, Virginia Smart and Charlotte Tibbetts. Guards are Joanne Colburn, Mary Lou Collins, Drucie Fox, Janet Heaton, Carol Ingraham, Patty Hope, and Eleanor Otterson. The season of thrilling long shots and toss ups, as brought to us by WHS-TV, now fades from view with many memories of an exciting year.

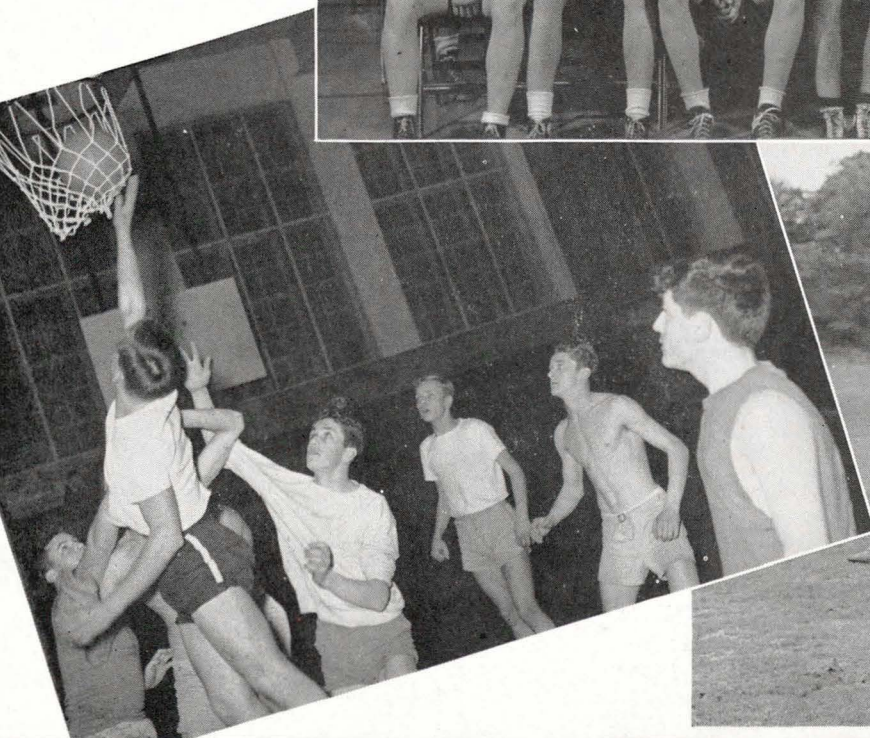

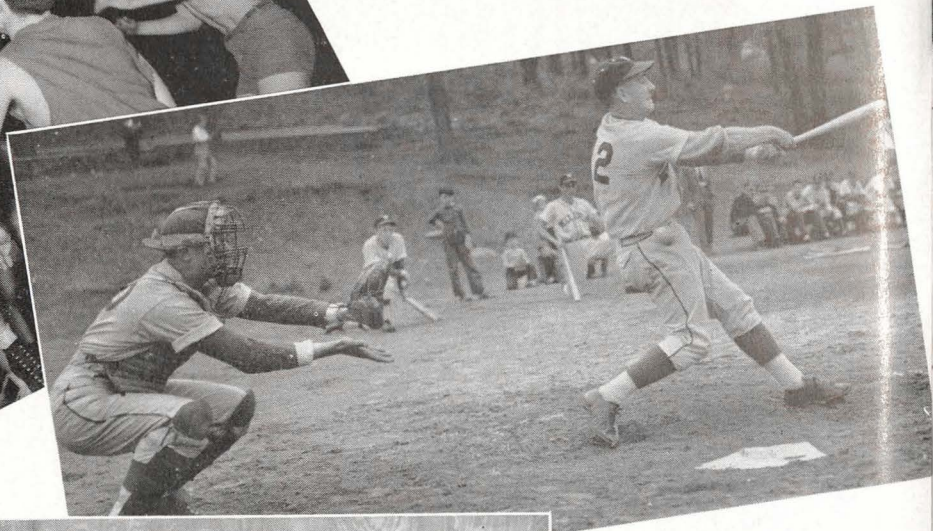

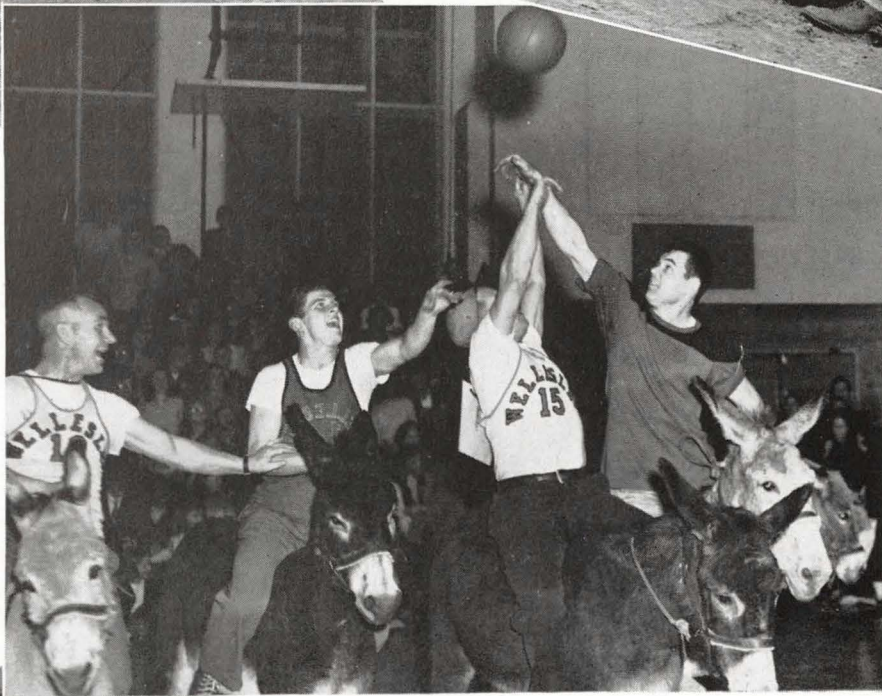

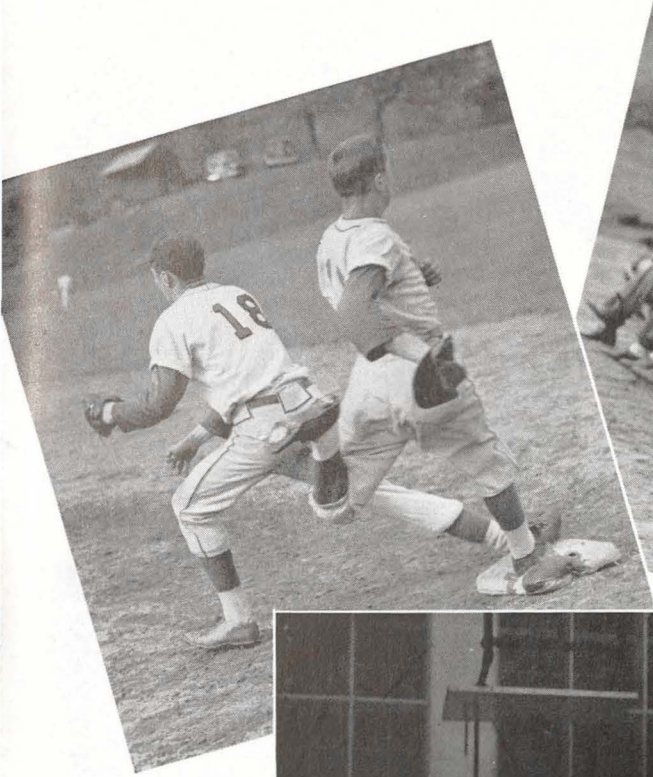

Second Row: Cecily Chandler, Barbara Norton, Carol Ingraham, Joan Monaghan, Dorrie Ernst;
First Row: Frances Chapin, Jane Tucker, Ann Messenger, Helen Pipes, Janet Heaton, Lucy Leach,
 Sally Howard.

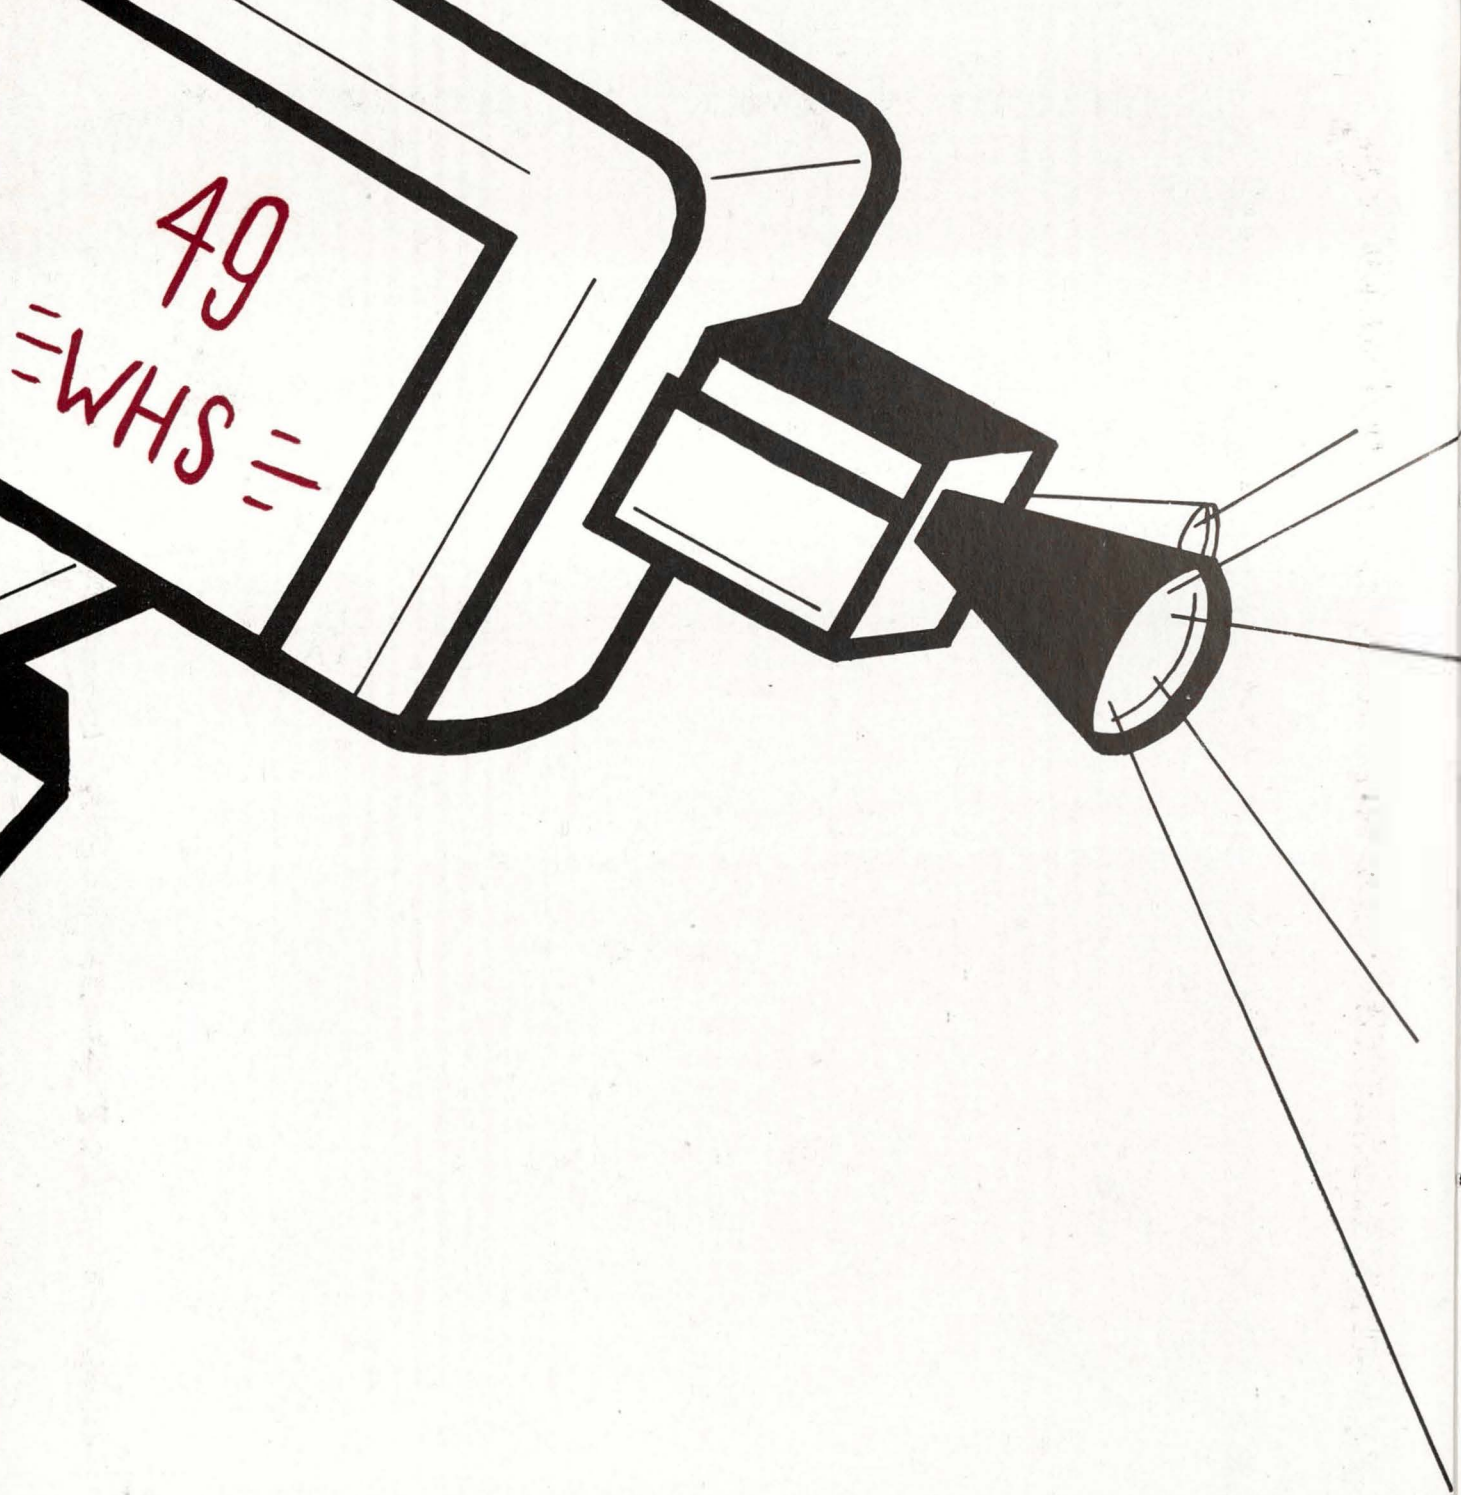

GIRLS' TENNIS

The camera is now turned toward the enthusiastic girls' tennis team. The team, backed up by several veteran players of both singles and doubles fame, has played several rousing matches with other schools. With Janet Heaton, Sally Howard and others as singles stars, and Jane Tucker, Carol Ingraham, Joan Folsom, Louise Giesey, Jeanne Woods, and Elaine Pipes supplying the doubles matches, the team scored a successful season. As the smashes and lobs fade from the camera, the racquet girls retire from the picture as energetic and victorious as ever.

WE THE

PEOPLE

Television! The wonder of our times, the marvel of a generation who look to the future for better things, for better living through science. Before jumping off into this fancy fantastic future, let us pause and have a good look at that television screen. You have all read or heard about Alley Oop and his wonderful time machine. Well, we have gone one step further. We have a television set that makes it possible for us to glance back into the past without actually going back ourselves. Ah yes, this miraculous modern world of motion! Will wonders never cease? Now there's no cause for excitement; just set your automatic homework machine and lean back in that upholstered cafeteria chair so you can enjoy our journey in the new television set. You will notice this set has been installed between the coke machine and juke box in the fiesta room. (Cafeteria did not sound swanky enough, so this new name has been adopted from an inspiration suggested by study halls in 302 and the library!)

As the singing commercial fades, a new figure comes into focus, the "Forty-niner." He is just a small fellow, back there in 1931, barefoot, and wearing three cornered pants. Things were at a low ebb in those days, but the "Forty-niner" was not easily discouraged. He outgrew those three cornered pants and before long was in school. There is a great disturbance on the screen and the image blurs. Hmmm . . . oh! yes, the '38 hurricane. Then our little fellow comes into focus again, falling through space, and bingo! right into the lap of Alice L. Phillips. Rescued by Mr. Thistle, he is quickly set on his feet and the adventure of Junior High has begun. Completely baffled by the confusion of passing to classes, the monitor system, the various lunch shifts, the bicycle room ramp, and homework, our hero seems lost. But soon he acclimates himself and he gets into the real spirit of the school and the activities:— after school sports, assembly programs, safety talks, guidance periods, clubs, the credit system, and even Captain Baldwin and her vigil monitors no longer scare him. A dislocated neck from watching assemblies seems to be the main complaint along with homework and traffic slips.

As you recall, things were running smoothly when the series of fires added some excitement to our education. They also brought a few headaches when the auditorium was partitioned off for classes. The year quickly passed and the next one arrived with a new marking system, more extra curricular activities, and many social events such as Fergie's and the various church parties. Termites in Room 13, Mr. Thistle wrestling with the Attendance and Punctuality Banner, and the numerous projector break-downs furnished us with a few humorous incidents, but the untimely death of President Roosevelt served as a grim reminder of critical times and a world at war. That summer the Japs surrendered and in our Senior year at Alice L. Phillips we considered our nation at peace with the world. Now, back to our television set.

We find the "Forty-niner" strutting about. Yes, there is no doubt, he is a "big wheel" and those seventh graders certainly do look small! "Let them get broken necks, the center section is reserved for me!" He has a long string of campaign tags dangling from his belt and he is wondering about that inaugural speech, — if he is elected. He also plays football for the school team, the first one organized at Junior High. The year passes by, week by week. The after-school sports banners are presented along with the letters earned by collecting orange credit tickets. Spring is in the air, he buys a ticket to "Brother Goose" and then the day for the senior class festivities arrives. He "cuts" a few classes in the morning to help with the arrangements, and then it rains! The track meet, as well as the party, is held in the auditorium and afterward we even find a few brave souls dancing. Over in the corner is our hero, not daring to dance but thinking of the days passed, and the ones to come.

C L A S S

Yes, that was quite a year. All summer long we did not look back, but only forward to High School. September rolled around, and we began to operate under the title of "sophomores." Sounded official, but we were somewhat deflated. Everything was alphabetized, combination locks were a nuisance, homework was really work, the girls took a shine to upperclassmen and their automobiles, and it was every man for himself. After getting used to the zoo, and the perfume factory on the third floor, we really began to appreciate the fine advantages and facilities of our school. The "Icebreaker" was most effective, and soon we were off in a whirl of social events such as the Hi Ho parties, the Football dance, and the Veteran's gala affair, not to slight those visits to "The Tote." Midyear exams proved to be quite a shock, but we recovered in time so that our participation in Student Council, morning devotions, assemblies, and Play Night was not affected. *Boy Meets Family* proved highly entertaining, and the Band Concert and Springfield Gym Show completed a most successful year. Enough reminiscing; back to the television!

We find that the "Forty-niner" has taken to the sea; he is hard-bent over the oars of the "W.H.S. Happy Ship" with Skipper Gage at the helm. Our hero is really growing up. He has two formal shindigs on his calendar — the Christmas Cotillion, and the Junior Prom. At the Cotillion it looks more like snow-shoveling than dancing. He certainly seems to be enjoying himself at our Prom. Someone said he was almost elected Queen! Look at those "can-cans" — that was the "Gay Nineties Review", you'll recall, and that gym show — it was all local talent, too — and then the *Mikado*. The year passes quickly on the television screen; graduation of the Class of '48, final exams, and now he is a senior!

The "Forty-niner" is buried under a pile of books, committees, and fun. He scrambles out from under that pile of activities in order to shake hands with Mr. Graves, his new principal. They stop to chat and surveying the packages, they both agree that it was quite a year. That big crate is full of social events and the smaller box on top is our Senior Prom. The pretty blue package with the pink ribbon is full of sophomore girls and over to the side is his own "Model A." Then there is that big bundle of papers: college applications, mid-year exams, and college board exams. On the coat hanger is one of those classy new band uniforms, and in the pocket you will find an envelope full of happy memories of many music festivals, highlighted by the one this spring. Over in that keg marked "dynamite" you will find the "Bradford Babble," and on top is a tin box of pills for A.S.M.A. victims. We cannot overlook two thumb-worn play books, *Are We Dressing?* and *One Foot in Heaven*, and also a stack of *Bradfords* that reflect the very life at Wellesley High. Our hero's day-dreaming is interrupted by the thought of the Class Picnic. The "Model A" coughs, sputters, and before long he has arrived. Everyone seems to be having a fine time.

The strains of "Pomp and Circumstance" summon him to the platform. He hears his name, receives his diploma, and with his head high in the clouds, marches back to his seat. He steals a look at that diploma and a lump comes into his throat. Yes, it was all over, he had graduated. His thoughts turn to the future, this was actually the beginning! Taking a pen from his pocket he writes these words and although he did not originate them, they express the real hope of our "Forty-niner"

"Ef you strike a thorn or rose, keep a-goin' !

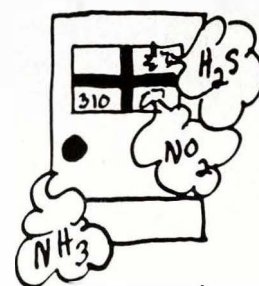

Ef it hails, or ef it snows, keep a-goin' !

'Taint no use to sit an' whine,

When the fish ain't on yer line;

Bait yer hook an' keep a-tryin', keep a-goin' !"

HISTORY

RUGGED!

AYE, AYE, SIR!

WHAT A YEAR!

AT LAST!

FUTURE...

BAIT YER HOOK
AN' KEEP A-TRYING

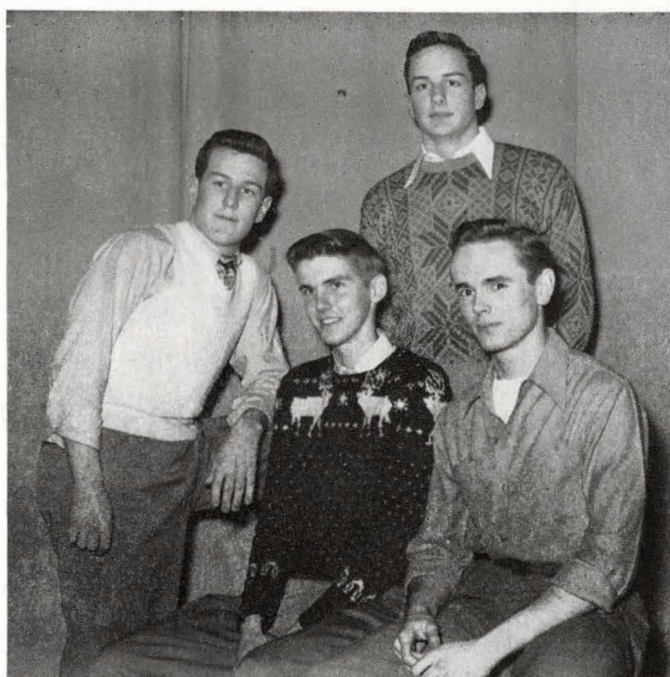

To the Class of 1949

There is always a hint of sadness as each generation of graduates leaves the corridors and the classrooms of Wellesley Senior High School. But this sadness is tempered with the realization that Commencement Day is really a beginning not an ending.

The hopes and prayers of parents, teachers, and schoolmates are for your success in the days ahead. May the years spent in Wellesley Senior High School be remembered and may these pages recall to each of you some of the happiest hours of your lives.

Good luck and God bless you all !

THE SENIOR COUNCIL

The day will soon be here when you will be able to watch the mechanism of your Congress in action on your television screen. In the meantime we direct our T-V camera toward a division of our own legislative group, the Senior Council. This group was organized to take care of the many questions appearing before the Student Council concerning only the senior class and its particular problems. The Senior Council is made up of the senior class

officers: President, George Henry; Vice-president, Smokey Stover; Secretary, Bob Lavin and Treasurer, Bun Paltrineri; and the senior members of the Student Council. Under the capable guidance of Mr. Spang and the chairmanship of the class president, the Council sponsors such senior activities as the class play, the Senior Prom and picnic, the choosing of the class rings, and the graduation assembly, including the class gift, the will, and the caps and gowns.
